

Saturday **October 5**
2013
9:00am - 1:00pm

Where: We will convene at Beckett Park in West Chester Township where folks will be organized into teams to tackle various sites within the Townships of West Chester, Fairfield, and Liberty, and the Cities of Springdale and Hamilton.

Who: This event is family-friendly and open to all ages

Why: Because keeping our streams clean keeps our communities beautiful. And lunch will be provided!

The cleanups will occur in and along the stream, so be prepared for walking through thick brush and getting muddy. If you can only make part of the day let us know and we will assign you to a specific site.

Please RSVP by contacting
