

# STORMWATER MAPPING IN YOUR COMMUNITY

## DATE & TIME:

THURSDAY JUNE 20TH, 2013  
10 AM – NOON

## LOCATION:

BUTLER COUNTY ENGINEER'S OFFICE  
1921 FAIRGROVE AVE. HAMILTON, OHIO 45011

## SPONSORS:

SOUTHWEST OHIO GIS USERS GROUP  
OHIO STORMWATER ASSOCIATION

## AGENDA:

### OUTFALL INVENTORY DISCUSSION WITH OHIO EPA (CHRIS COTTON AND ANTHONY ROBINSON)

From mapping to program management- this is a great opportunity to get your outfall inventory and screening questions answered with regard to the Phase II Stormwater Permit.

### A GIS APPROACH TO MAPPING DYNAMIC STREAM SETBACKS (DAWN JOHNSON, WARREN COUNTY GIS DEPARTMENT)

This on-going project applies modeling from the Big Darby Creek Watershed to Warren County's waterways in a collaborative effort between multiple county agencies including GIS, Zoning, and the Soil and Water Conservation District.

### DISCUSSION

Spend time sharing your community's stormwater mapping strategies, and utilize this opportunity to "ask the experts" of both the stormwater and GIS communities.

## RSVP:

Space is limited; please RSVP to Paula Burton at (513) 785.4117 or  
[burtonp@bceo.org](mailto:burtonp@bceo.org) by June 14th.
